## WARMINGHAM WI IN 2015

Our 2015 meetings have varied from an open meeting in December, with a look into 1920s and 1930s fashion, to Lingerie Design in June. We had two social evenings where we tried our skills at Kurling in January and entertained past members and local villagers in April to celebrate the Centenary. We have learnt about Herbs, the Power of Crystals, Chinese Brush Painting and the effects of Mistakes in Genes. We have been taken on a trip round Northern Ireland and been entertained George Formby Style. The highlight of the Summer was Afternoon Tea at Mill Lodge, home of Caroline Dawson and husband Clive.

The quality of the programme attracted visitors, and we always make them welcome. Visitors can come along without having to join WI. However, we are pleased that once again several visitors have decided to join us formally.

**WARMINGHAM WI** – beyond the monthly meetings regular activities include

Book group: meeting every month. We welcome visitors and new members.

Walking: A monthly walk. Everyone welcome, members and friends alike. This year we have finished our walk to join the Diners Club for lunch

Competitions: Including quizzes and darts (and what ever else appeals, just let us know.)

Craft activities: Learning, sharing, practising and entering competitions. Plus, of course, entering for local shows; and winning!!

**Meetings take place on the first Wednesday of each month**  
**At 7.30 pm in**  
**Warmingham Village Hall**
